Good Morning,

Flu season is almost here, but NOW is the time to protect yourself, your family and your colleagues. Influenza is a serious illness that affects people of all ages. It's particularly dangerous for those considered high-risk, but even healthy people get the flu. It's easily transmitted. The best way to keep from getting sick and infecting those you love? Get an annual flu shot.

For your convenience, we're hosting two flu shot clinics:

Place: Mail Service Center
3905 Reedy Creek Road
Date: Wednesday, September 16, 2015
Time: 8:30 a.m. – 2:00 p.m.

Place: Administration Building
116 W. Jones Street, Room 2087
Date: Thursday, September 17, 2015
Time: 8:30 a.m. – 3:00 p.m.

The flu vaccine: The truth...

There are a lot of myths surrounding the flu vaccine that sometimes prevent people from getting a flu shot. Here are some truths you might not be aware of.

Truth: Early vaccination (before December) is best, since it takes time for the body to produce protective antibodies.

Truth: The flu vaccine is 75 to 90 percent effective in preventing infection.

Truth: You cannot GET the flu from the vaccine. It is made from purified, noninfectious viruses.

Truth: You need a flu vaccine every year, because the strain changes every year. Last year's vaccine will NOT protect you against this year's flu.

Don't let the flu get you down. Get your seasonal flu shot at the onsite clinic. Go to: www.bcbsnc.com/members/public/flu for questions concerning the flu shot. **You must present your State Health Plan/PPO card and photo I.D.** Children between the ages of four (4) and seventeen (17) must have parents with them. Children under four (4) must go to a physician for their seasonal flu shot. Family members and employees who are not covered by the State Health Plan and/or BCBSNC will be charged \$30 per seasonal flu shot. Plan members and dependents may also get flu shots at their doctor's office, a participating Minute Clinic (search [Find a Doctor](#) for "Convenience Care Centers" under Advanced Search) or by a North Carolina in-network immunizing pharmacist (under Advanced Search, select "Pharmacist – Flu and Other Limited Injections" under Convenience Care). BCBSNC will not offer seasonal flu shots at regional clinics and retail locations.

I will need to know the total number of your employees attending the clinic by Tuesday, August 25, 2015. According to the responses, I will then schedule the time(s) for your staff to attend and send you an email with the schedule.

Please post the attached sign-up sheet, the hand washing poster, the flu facts sheet and the flu poster in an area where your employees will have access and notify them of the sign-up sheet.

Thank you so much for your continuing support,

Susan D. Pait
